

WHY

TECHNOLOGY CONNECTION?

Technology Connection is the Tulane University owned and operated store that assists students, faculty, and staff with their personal and institutional hardware, software, and accessory needs. Our partnership and collaboration with university schools, departments, and administration allow us to provide tailored technology solutions and services to support your success at Tulane.

We Know Tulane

We work with Tulane schools & departments to help you identify the best computer for your program of study.

Try, learn, test, and buy

As an **Apple Authorized Campus Store**, we have the latest Apple® products that you want. We maintain in-store demo machines so you can test before you buy.

We're Here!

Located in the center of campus on the first floor of our student center, the Lavin-Bernick Center, we have convenient hours to match with your busy schedule. Check our site for the most up-to-date hours of operation!

Repair Services

We have certified Apple & Dell technicians and offer authorized in-warranty and out-of-warranty repair services for both Apple & Dell right in store. Industry leading loaner program on select models.

Educational Pricing

Easy access—just show your Tulane Splash Card!

Convenient Payment Options

Visa, Mastercard, Discover, Tulane Accounts Receivable, and processes which may support your use of financial aid awards.

Authorized Campus Store

HOW DOES IT WORK?

**LATE
MAY**

TechConnect is working with schools & departments to determine the best configuration for your studies. We are also watching for new product releases. We recommend holding off on your tech purchases if you can! If you need to purchase soon, TechConnect has savings bundles up online. We also launch our "Get Your College Computer Free" campaign this month!

In mid-June, our online order form goes live with our latest technology recommendations for different schools & departments at Tulane. Our order form provides a one-stop shop for all of the technology you'll need for college. We can even ship your items outside of Louisiana! Shipments ordered and shipped outside of Louisiana will not be charged Louisiana state or local taxes.

**MID
JUNE**

**JUNE/
JULY**

We expect to announce our vendors to announce their back-to-school specials during this time! Last year, those purchasing a qualifying computer received a free pair of AirPods™ and discounts on our back-to-school bundles.

Throughout July, the TechConnect team is hard at work preparing your back-to-school orders with speed, accuracy, and precision. We can ship your computer anywhere in the United States, so you can start setting up your Tech before the Fall rush.

**ALL
JULY**

**ALL
SUMMER**

Throughout the summer, students who order online from TechConnect can enroll in our Repair Laptop Loaner program. This industry-unique program allows you to continue working on one of our loaner computers if you have to check your computer in for repair. Our "Get Your College Computer Free" campaign is also live all summer!
